

Profile for Dave Austin - Child's Play

I have worked in the Early Childhood Education sector for the last 14 years. I became interested in this field when my own children were young and my wife and I were unable to find toys of suitable quality and stimulation for them. We set up Child's Play as a result and four years ago I left my management role with one of New Zealand's largest companies Fisher & Paykel to develop and grow our company further. We warehouse and distribute educational toys and nursery products through our reps nation-wide. We are committed to continuously raising our standards by stocking outstanding products from around the world and working in close partnership with our retailers, suppliers and manufacturers to improve the quality of our products and bring to the New Zealand market innovative and educational products to enhance our children's learning and skills.
