Company Description:

Nasen is the leading UK professional association embracing all special and additional educational needs and disabilities. The organisation promotes the education, training, development and support of all those working within the special and additional educational needs and disabilities sector. Membership of nasen is an invaluable source of advice, offering an exclusive and vital range of benefits to support teachers, governors, teaching assistants and the entire education support network in the delivery of high quality inclusive practice. Benefits include fresh and creative education resources, dynamic conferences and seminars with world-class speakers. An inspirational professional development programme, plus print and on-line journals and magazines, exhibitions and access to recently completed research are also available.
